

Miriam Andromeda Brody

mabrody@uw.edu | miriam-brody.com

Research Interests

Human-computer interaction, accessibility, digital humanities & storytelling

Education

Pomona College, Bachelor of Arts in Computer Science *cum laude*, Claremont, CA 2022 – 2026

- GPA: 3.93
- Advisors: Jingyi Li and Eleanor Birrell

University of Cambridge, Jesus College, Study Abroad, Cambridge, UK Spring 2025

Swarthmore College, Study Abroad, Swarthmore, PA Fall 2025

Publications

Brody, M., Rodrigues, I., E, J. L., & Li, J. 2025

Expanding Norms, Negotiating Bodies: How Artists with Disabilities Perceive and Use Creative Tools.

In *Proceedings of the 27th International ACM SIGACCESS Conference on Computers and Accessibility (ASSETS '25)*. ACM.

<https://dl.acm.org/doi/10.1145/3663547.3746331>

Osborn, J. C., Wieser, K., & **Brody, M.** 2024

RetroFit: Post-Facto Accessibility for Retro Games.

In *Proceedings of the 19th International Conference on the Foundations of Digital Games (FDG '24)*. Association for Computing Machinery, New York, NY, USA.

<https://doi.org/10.1145/3649921.3656978>

Research Experience

Research Assistant, VariAbility Lab, Carnegie Mellon University 2025 – Present

- Created and applied index coding system to gain insight from participant interviews and observational sessions in collaboration with research team.
- Topic: ADHD Programmer Support
- Advisors: Kaia Newman and Andrew Begel

Undergraduate Researcher, Doodle Lab, Pomona College 2024 – Present

- Designed research methodology, scope, and approach for a community-based study. Built partnerships with twelve disabled artists; developed interview guide and conducted interviews. Led thematic analysis and qualitative coding of interview data.
- Outcome: Published ASSETS 2025
- Topic: Creativity Support Tools (CSTs), community-based research methods, Crip-Technoscience
- Advisor: Jingyi Li

Undergraduate Researcher, Formal Analysis of Media Lab, Pomona College 2023 – 2024

- Organized package feature documentation for the project's package framework. Researched literature on how to adjust game affordances for visually impaired players.
- Outcome: Published FDG 2024
- Topic: Game/digital artifact accessibility, accessibility for low vision users
- Advisor: Joseph Osborn

Research Assistant, Gawad Pediatric Oncology Lab, Stanford University Medicine Summer 2022

- Initiated and developed a computational protocol using Scanpy to streamline lab technicians' workflows.

Performed single-cell sequencing and PBMC blood isolation.

- Outcome: Scanpy on-boarding protocol adopted into Gawad lab.
- Topic: Visualization of medical data, development of single-cell sequencing methods
- Advisors: Veronica Gonzalez-Pena and Charles Gawad

Awards

- *Cum laude* honors, awarded to the top quarter of graduating seniors, Pomona College (2026)
- CRA Outstanding Undergraduate Researcher Award Honorable Mention 2025
- SIGACCESS Travel Scholarship 2025
- Pomona College Scholar (awarded to the top quarter of students in each class) 2025
- CMD-IT/ACM Richard Tapia Conference Full Scholarship 2025
- Amazon Future Engineer Scholarship \$40,000 2022–2025
- PG&E Better Together STEM Scholar \$5,000 2024
- PG&E Better Together STEM Scholar, \$10,000 2022
- Professional Businesswomen of California Scholar \$1,000 2022
- MIT Beaver Works Summer Institute Co-Designer Collaboration Award 2021

Teaching and Mentorship

- CSCI 122 Pomona College, Computational Design Tools, Teaching Assistant, spring 2026
- CSCI 51 Pomona College, Introduction to Computer Science, Teaching Assistant, spring 2026
- CSCI 51 Pomona College, Introduction to Computer Science, Teaching Assistant, fall 2025
- PHYS070 Pomona College, Big Ideas in Modern Physics, Grading and Problem-Solving Assistant, fall 2023
- MIT Beaver Works CreATe Assistive Technology Program, Teaching Assistant, spring 2023 and 2024
- MIT Beaver Works Summer Institute Designing for Assistive Technology, Teaching Assistant, summer 2022

Invited Talks and Lectures

- Talk: “Collaborating with a Co-Designer,” MIT Beaver Works CreATe Challenge (Zoom), Feb. 1, 2026
- Talk: “Advancing Access Through Highlighting Crip Technoscience in the Arts,” University of Washington Create-Seminar: Art x Accessibility (Zoom), Feb. 23, 2026
- Lecture: “Digital Fabrication: Building Press Fit Kits with Laser Cutters,” CSCI 122 Computational Design Tools, Pomona College (in person), Feb. 9, 2026
- Lecture: “Justifying Design Decisions: Introduction to Writing Technical HCI Research Papers,” CSCI 122 Computational Design Tools, Pomona College (in person), Mar. 23, 2026
- Lecture: “Building Wizard of Oz Prototypes in Figma,” CSCI 122 Computational Design Tools, Pomona College (in person), Mar. 25, 2026

Industry Experience

Software Development Engineer Intern, Amazon Corporation – Seattle, WA Jun 2025 – Aug 2025

- Designed and developed a full-stack application for the Payments team’s internal tooling and conducted UX/UI usability testing.

Software Development Engineer Intern, Amazon Corporation – Seattle, WA May 2024 – Aug 2024

- Designed and integrated internal notification system to signal outbound customer notifications for Payments team.

Software Development Engineer Intern, Amazon Corporation – Seattle, WA May 2023 – Aug 2023

- Implemented payment processor data storage and access system for the data of five million customers.
- Shortened expired payment ticket handling workflow from two weeks to one day for Mexico payments team engineers.

Outreach

Medical Trainer Assistant, Swarthmore Sports Medicine – Swarthmore, PA Sep 2024 – Dec 2024

- Facilitated transition from physical, paper patient files to digital.
- Assisted athletic trainers on field during Varsity games to stabilize injured athletes.

Amazon Future Engineer (AFE) Ambassador – Virtual May 2023 – Present

- Developed first-year intern roadmap and checklist for low-income, first-generation AFE interns.

Head of the Schuylkill River Health Liaison – Philadelphia, PA October 2024

- Led medical and event information booth for a 20,000+ person event.
- Communicated rowing athlete medical emergencies to Emergency Medical Services.

STEM Guide Researcher – Claremont, CA Feb 2024 – May 2024

- Researched the ‘hidden curriculum’ of obtaining research opportunities across Pomona STEM departments.
- Created and distributed zine summarizing key resources for new STEM students in 8 libraries and online.

Extracurricular Activities

Rowing June 2024–Present

Rower and coxswain with year-round training in rowing clubs in the USA and UK.

- Lake Union Crew, Seattle, WA (June 2024–August 2024): Coxswain and rower in sweep boats.
- Jesus College Women’s W3 Crew, Cambridge University, Cambridge, UK (Spring 2025): Rowed in W3 crew and raced in the Cambridge 2025 Lent Bumps Race.
- Maintain a rigorous 6-day-per-week training schedule focused on endurance and conditioning (Present).

Theatre and Performance 2018–Present

Multi-disciplinary performer and writer with experience across theatre, poetry, and circus. Recent work includes:

- Lead role (Knight) in *The Joker and The Thief and The Knight*, Christ’s New Court Theatre, Cambridge, UK (Spring 2025).
- Bilingual poetry anthology project (German/English) exploring scent and culinary culture (2024–Present).
- Circus arts training with a focus on improvisation technique; additional training in flying trapeze and aerial hoop (2018–Present).
